PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed – all because MANY are CARELESS with fire in and near woodland. This can be remedied. You can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First – by setting a good example YOURSELF – being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second – by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden – the law requires it.
2. Be sure to properly supervise your burning – don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles – make sure they are out – use your ash tray.
5. Don't burn at home – use your town dump and save yourself much possible difficulty, both personal and financial.

No Local Fires 0.
Acres Burned 0.
Permits Issued 35.

The new Town Dump on the Bennington Road was approved by the State Board of Health, and placed in operation October 22nd, 1960. The total cost of this new site was $958.60, which included $576.30 for the land and attendant legal fees, $321.48 for clearing and preparing the site, and $60.82 for miscellaneous costs. The old site was sold to the State for the sum of $840.00.

The Town was faced with an emergency expense due to the collapse of the cover on the Town well. Estimates for the cost of repairs were as high as $1,075.00. The work was handled without bids at a cost of $516.28, the work being supervised by George Shea. Steel I beams and rails were used to reinforce the roof, so that this repair should be permanent for a good many years to come.

The Town debt was reduced by the prepayment of $10,000 from the sale of the Otter Lake property for $19,045. The balance of $9,045 from this sale was turned over to the Trustees of Trust Funds for investment.

The accelerated TRA program was completed on the Mountain Road (see the Road Agent's Report for details), the Town advancing to the State the sum of $9,900. for this work. The Town will be reimbursed for this sum over a two year period by the State.

Bids were called for the authorized work on the Town Hall, consisting of painting the exterior and installing rest rooms. Bids were let to the lowest bidders: the painting to Roger Oja for $2,200, the rest rooms to Robert Fish for $945, and the carpentry work and materials to Arthur Blanchard for $575. Additional wiring was required, the installation of heating ducts, and painting of this new construction. These costs were nominal and were handled without bids. Fire damage to the Town Hall was repaired for a bid cost of $275, which will be reimbursed to the Town by the insurance company. New over-head doors and a cement ramp were installed in the Fire House, this work being supervised by the Fire Chief. The total cost was $428.24, which included an unanticipated expense of $94.10 for the cement ramp.

Included in this year's Report is a ten year summary of Town receipts and expenditures, which it is hoped the voters will find of interest as an indication of the rising trend of costs for our Town government. This data was prepared by George Foster and Robert Stanley. The Selectmen wish to express their appreciation for the time and effort which went into compiling this information.

The Selectmen appointed a committee of two, consisting of Donald Davis and Robert Gilbert to 1)—make a study of the insurance coverage of Town properties; and 2)—to investigate the savings which could be realized by conversion of our present coverage from stock insurance companies to mutual companies.

This study is reported later, with the Committee's findings. The Selectmen wish to express their appreciation of the work done by the Committee. While on the subject of insurance, a reduction in rates on our present policies went into effect as of July 1st, from which the Town will receive a rebate of $228.72.

We are all familiar with the phrase "In this world nothing is certain but Death and Taxes." Benjamin Franklin first said it over 200 years ago; and today our tax bills are mounting ever higher and higher. We have what we should consider as a serious tax problem in the Town of Greenfield. Do we realize how rapidly our local taxes have been increasing year by year? Here is a tabulation of our property taxes since 1950:

Year	Levy	Year	Levy
1960	$72,438	1955	$47,801
1959	66,063	1954	44,520
1958	69,548	1953	43,965
1957	62,087	1952	41,800
1956	51,418	1951	36,612
		1950	30,052

Our taxes have increased 198% in the ten year period of 1951 to 1960. If the next ten years witness a similar increase, our Tax Levy in 1970 will be $143,000 instead of the $72,438 which we levied this past year. To be paying twice the property taxes which we are now paying is certainly not a pleasant prospect. In case you may feel this to be an unreasonable projection, consider the previous ten-year period, from 1941 to 1950. In 1941, our tax levy was $15,199; and in 1950 it was $30,052, for the same two-fold increase

What can we, as thoughtful citizens, do to prevent our tax burden from becoming oppressive? Undoubtedly, our taxes will increase, since our over-all costs of government (schools and services) will increase,—this seems to be the inevitable course of events The only practical solution to keeping our individual tax bills down to a reasonable level is to share these increasing costs of government among a greater total number of taxpayers.

Resident taxpayers in 1960 numbered 168, paying $49,659, or 68% of our total Tax Levy. 165 non-resident taxpayers paid the balance. Of the resident taxpayers' bill, $9892, or 20%, was paid by local business or commercial enterprises. This, certainly, is a substantial percentage. As individuals, our taxes would be reduced 25% if the revenue from business enterprises could somehow be increased another 20%. This obviously indicates our need to attract new industry to Greenfield. (Non-resident commercial businesses paid $6,766, or 28% of non-resident taxes.)

We need also, however, to increase the total number of property owners, both resident and non-resident, if any appreciable off-setting of our increasing taxes is to be accomplished. An analysis of residential property owners shows the following distribution of taxpayers:

Resident			Non-Resident		
Size of Tax Bill	Number of Taxpayers	% of Total	Size of Tax Bill	Number of Taxpayers	% of Total
$600 & up	11	7	$600 & up	3	2
$500-$599	9	5	$500-$599	1	1
$400-$499	10	6	$400-$499	1	1
$300-$399	21	13	$300-$399	4	3
$200-$299	31	18	$200-$299	8	5
$100-$199	41	25	$100-$199	33	20
$99 & less	42	26	$99 & less	110	68

It is suggested that the voters seriously consider the establishment of a Greenfield Chamber of Commerce, charged with a vigorous campaign for publicizing the desirability of Greenfield as a place in which to live and own property, together with an organized program for attracting new industry and commercial enterprise.

CHIEF OF POLICE

The activities of the police department in the past three years have increased at the rate of about ten per-cent per year. Some of you probably only see the police department in operation on special occasions. However, there are complaints coming in most of the time through the year and quite a few of these are received in the night when most people are sleeping. It makes no difference to your police chief at what hour the call is received as he is always ready to go. If the complaint needs more than one officer the department has four special police officers who can be called at any time. They are namely: Robert Gilbert, Chester Russell, Thomas Coughlan and John Rideout. This year the police department hopes to have a training school teaching these men how to investigate accidents, house complaints, court procedure, etc., at no expense to the Town.

Now we come to this intersection Route 31 and 136. Traffic has been moving too fast through this intersection and it is impossible to be there 24 hours a day. I, as your Chief of Police, recommend an overhead traffic light which would blink red on the Francestown Road and Slip Road and amber up and down Forest Road. This department is investigating the total price of the installation. In view of the State Park coming into town there will be far more traffic passing through this intersection and a great deal of this traffic will be passing through for the first time and will not realize an intersection is there until they are upon it. Let's be prepared before we are faced with this traffic hazard.

Next we have a parking problem. Ten years ago we had adequate parking space. Today we can't begin to take care of the flow of traffic on weekends as a great deal of this traffic stops at the Greenfield Industries. The parking there is congested. This year alone we have had seven accidents there—this being

half of the accidents reported in town. The solution to this is more parking space. Any suggestions to overcome this would be greatly appreciated. Please give this serious thought as we will be faced with an even greater parking problem as soon as the State Park is in operation.

We are in the process of obtaining an ordinance to legalize the posting of traffic signs on Class 4 and 5 roads.

After reading this report I hope that we share the same ideas towards the progress being made now and in the future to the Town of Greenfield.

FIRE CHIEF

The fire department responded to the following calls in 1960:

3 chimneys — 2 buildings
2 brush fires — 1 dump
3 mutual aid calls (twice to Francestown, once to Antrim)

Greenfield received aid at the Sampson fire from Francestown, Bennington, Antrim and Hancock.

In addition, the department made 6 oil burner inspections, 2 foster home inspections, 3 hospital inspections, 1 school inspection, and recharged 11 fire extinguishers.

The department acquired thru town appropriation, 650 feet of 2½ hose, and installed overhead doors. The siren was taken down and overhauled, and due to the installation of the new doors, some electrical wiring was relocated, and additional lights, and receptacles were installed in the station.

The firemen thru volunteer labor, painted the ceiling, walls, and woodwork, and sanded and refinished the floor of the upstairs hall. They also paved the driveway in front of the station, and broke up and removed part of the old concrete floor prior to the installation of the new doors.

A training program was instituted for both the new and older members of the department. This included films, lectures, and drills on various phases of fire fighting, and tours of the various institutions in town. Several firemen attended the fire school at Meadowwood sponsored by the N. H. Fire Chiefs Club.

The firemen conducted a food sale, and newspaper drive, and from funds obtained, purchased fire coats, first aid equipment, a coffee urn, and Christmas lights, and sponsored a fire prevention week essay contest in the grade school.

Future plans for the department include purchase of a resuscitator, new hose, new heating system (the present oil stove is inadequate), and repair of the roof, and insulation of the new addition.

I would like to thank the citizens for their support and cooperation with the department in helping to prevent fires, and to the mutual aid system and surrounding towns for the valuable help extended to us in 1960.

Chester W. Russell
Fire Chief

INSURANCE COMMITTEE

The committee appointed by the Selectmen has reviewed the entire insurance program, (with the exception of coverage provided by the school department) and submits the following recommendations:

1. As present policies expire, rearrange the insurance so as to obtain increased coverage at the same cost thru strong companies which have the facilities for rendering good service.
2. Recommend compliance with all practical recommendations of the N. H. Board of Underwriters and any insurance companies involved. This will result in somewhat lower rates, but more important, it should result in a much less possibility of a loss.

This is an interim report of the insurance committee.

PLANNING BOARD

By action of the voters at Town Meeting, a Town Planning Board of seven members was created, appointments to the Board being made by the Selectmen.

The first meeting of the Board was held in February, and seven additional meetings were held during the year. The first consideration of the Board was the location of a new site for the Town Dump. Eleven possible areas were investigated, following which these sites were reviewed by members of the State Board of Health and the State Forestry Department, with their tentative acceptance of three possible areas. The Board's recommendation of the Harry Dorr site was accepted by the Town at a special Town Meeting on July 14th.

The Board studied possible modifications to the Zoning Law, a sub-committee of three members making a detailed study of this matter, with recommendations which the Board accepted and incorporated into an article for the 1961 Town Meeting.

The Board is currently studying the problem which the Town will presently be faced with when the new State Park goes into operation. This involves the lack of adequate parking facilities for the influx of transient traffic. Actually, the parking problem is currently acute for our present flow of traffic; but the situation will shortly become much more critical. It is the unanimous opinion of the Board that some additional space must be found for the parking of cars in the down-town area. For 1961, this item will have first priority on our agenda, and since it is a problem which is vital to all the residents of Greenfield. the Board welcomes and needs the advice and suggestions of our citizens. During 1961, the meetings of the Planning Board will be open to the public, and we shall welcome the attendance of all interested property owners. Advance notice of our meetings will be included in the Greenfield news column of the Peterborough Transcript.

HIGHWAY AGENT

In reference to the three year T.R.A.—the Pond Road being one mile mixed and sealed, a half mile mixed and sealed from the State Highway to Edda Lowe's corner; sealed four tenths of a mile, Lowes to hill above Sampsons. On the Mountain Road, nine tenths of a mile was rebuilt, mixed and sealed; an addition of a mile extending to the previously tarred strip towards the Town Line also mixed and sealed. Remainder of 1959 T.R.A. not expended, approximately three hundred and fifty from Sampson's corner to Lyndeborough Town Line mixed and sealed.

A total of four miles of paved road being added to the existing two half miles of tarred. A greater amount of chemicals will be used during the winter months; in fact twenty and one-third tons of salt were required the last three weeks of December. So expect an upward trend in expenditures of this nature in the future.

The Duncan Fund providing new culverts placed in the Fletcher Road and a new bed of gravel. Previously a great deal of labor and material was expended in comparison per mile of other roads, to restore this to travel resulting from rain storms. Also a 36 inch culvert was placed on the Mountain Road, as well as part of the Flynn Road being resurfaced with gravel from the Andersons to the corner from the above mentioned monies of the Duncan Fund.

Respectfully submitted,

DEAN P. RUSSELL

LIBRARIAN

Foremost among Library projects this year was the installation of a new heating system early in the year.

On Community Day an industrious group of townspeople pitched in and thoroughly cleaned the inside of the building.

A small amount of cataloging has been done beginning a long range plan to have the entire library indexed in the Dewey Decimal system.

Book service was started with Camp Union and the Sumner Rest Home.

Exhibits during the year included—the Girl Scouts, 4-H girls, and an assortment of miscellaneous and State exhibits.

The trustees and Librarian attended 2 sessions on children's and young adult books, held in Jaffrey and Dublin.

Book circulation during 1960 was 3,406. 1,107 being adult books and 2,298 children. 370 magazines were taken out, 45 requests were sent to the State Library in Concord, and 81

books were discarded. 140 new books were added this year. 79 were purchased by the Town and 61 were gifts.

The Library is open on Wednesday and Friday 2:30 to 5:00 p. m. and 7:00 to 8:00 p. m.

In December plans were made for a series of discussions and movies which we hope will make 1961 an even more eventful year.

Respectfully submitted,

BERNICE T. COX
Librarian

RECREATION COMMITTEE

The first meeting was held at the Town Hall on February 11, 1960 and was open to the public. The first motion of the evening was to sponsor the fourth annual Whing Ding which was to be a three day event. Another public meeting was held at the Town Hall on May 17 in order to make up the committees for the Whing Ding. The weekly meetings in June were held at Daniel Paro's house. The Whing Ding was a huge success as you can see by the financial report and the President as well as all the workers or anyone who helped or donated deserve much credit and thanks.

The object of the Recreation Committee is to sponsor Recreational activities in the Town. This year equipment was replaced for the Little League as well as paying their dues. The manager, Bruce Russell and his assistant George Shea, Jr., certainly deserve a lot of praise for all the hours they have given to the Little League.

The part of the dues not donated for the Swift Water Council of Girl Scouts was also paid besides sponsoring the Halloween Party in October, a dance put on by the Whing Ding committee on November 11 and a Christmas party for 130 children on December 22, 1960. Certain activities are to be sponsored each month.

A set of By-Laws was made up by two members of the executive board of the Recreation Committee and have been approved by the Selectmen. The meetings take place the second Tuesday of each month.

GREENFIELD IMPROVEMENT ASSOCIATION

As we enter a new decade and our 10th year of existence, a review of our past accomplishments and future plans would seem in order.

Founded—First meeting October 1951. Incorporated Dec. 1951, making all dues and donations tax free. We file a Federal report each year.

Aims—Quote from By-laws, "—to improve and to ornament

the streets and public grounds of Greenfield, to promote a more general interest in improvement of private grounds and for any matter that will be for the general betterment of the town."

Membership—Voting members 18 years or older 50¢. Family memberships $1.00. Donations solicited, for it is this money we use for our projects.

Meetings—Annual meeting and election of officers to be in August and dues or donation appeal to go out no later than October. Ex. Committee must have 4 meetings a year.

Slogan—"Let's be proud of our community."

Accomplishments:

May 17, 1952. First Community Work Day:

Regraded Town Hall drive, removed 15 trees on common, pruned 63 and fertilized the rest and all the town common. Town Hall flood lighted, green blinds replaced on the building. Won Second prize $50 in New Hampshire Roadside Improvement Association contest for our work.

May 9, 1953:

Landscaped and shrubbed around Town Hall. School yard grade raised and culverts put in. Old sidewalk on Forest Road found under sod. Grass removed and cleaned up. Won First prize of $100.00 in N. H. Roadside contest.

June 5, 1954:

Started a town beach on Otter Lake. Fireplaces built, well point driven, picnic tables and toilet houses made. WBZ took movies of our work for TV. Selectmen appointed a Recreation Committee to supervise the beach area. Won First prize $30 in N. H. Roadside contest.

June 4, 1955:

More work done on Town Beach and parking area. Bath house and life guard quarters and raft built. War Memorial Committee placed a boulder with bronze memorial plaque. The beach to be known as Veterans' Memorial Park. School children wrote an essay on what their town means to them. Cash awards to winners given at Annual meeting. $1,000 given by Walter Gilbert for care of town trees. Won Third prize $40 in N. H. Roadside contest.

July 14, 1956:

Twelve street name signs erected. Removed 50 dead and dying trees along highways and pruned 75. Town Common and beach area raked and cleaned. Third prize of $35 won in N. H. Roadside Contest.

1957: No large community work Day. In fall a small Christmas tree was planted on Library lawn in memory of Walter Gilbert, founder of Greenfield Improvement Association. We entered a float in the Francestown Labor Day parade, "Queen

For A Day" and won second prize of $10. A skating area was leveled on land in back of the grade school.

May 17, 1958:

Removed more trees, trimmed and fertilized 83 on Common and at the Greenvale Cemetery. A white oak tree planted at the corner of Route 136 and 31. Schoolhouse fence planted with Honeysuckle. Firehouse addition clapboarded and painted. School children made posters on beautifying the town and awards given at the Annual meeting. 250 townspeople turned out for this day's work. Award of $10 given us at the N. H. Roadside meeting for our fine report books and continued community spirit. $1,000 was left us in the will of the late Eugene Mather.

May 16, 1959:

Library walk and splash apron around library black topped, old shrubbery removed and new planted. Town reimbursed us for the cost of the walk. Firehouse painted, common raked and replaced oak tree on the corner that did not live. Verbal praise give us at N. H. Roadside meeting for our continued community work.

May 21, 1960:

General clean up of Common, School and Library grounds. White birch planted on corner to replace second white oak that died. Lot beside Fire house cleared, Cemetery-Town Hall fence painted. Women cleaned inside of Library and Town Hall kitchen. Won First prize in our July 4th Whing Ding parade for our float, "Hawaii Our 50th State."

Awarded a plaque at N. H. Roadside meeting for our continued community work and our project books we enter each year.

Each Community Day we serve coffee and doughnuts mid morning and a dinner at noon to all workers. Movies are taken of all the activities and shown at the Annual meetings. All project booklets are kept in the Library.

Future Plans:

Now that the fire exits and toilet facilities are in our unused basement at the Town Hall, we hope to make a usable community or recreation hall and a large modern kitchen.

TOWN JOURNAL, 1960

The population of the Town was 523 in the 1960 census.

The hurricane Donna on September 12, dropped 7½ inches of rain on the region but did little damage here. A long warm fall ended with a severe blizzard on December 12. Little thawing and more storms gave us a deep snow cover as the year closed.

Conditions were unfavorable during the hunting season and very few deer were taken.

After the annual election of town officers, a recount was requested on the vote for selectman to fill the unexpired term of Roland Phelps. The recount confirmed the election of Frank C. Hutchison. Eighteen acres of land at Otter Lake and vicinity were sold by the town to the State of New Hampshire for a State Park for $19,045.00. Of this sum, $10,000 was voted to be used toward liquidating the town's outstanding obligations, the remainder to be held temporarily by the Trustees of Trust Funds for later disposition. The town received a legacy of $3,618.49 from the estate of Miss Annie McCanna, the income from the fund to be used for the benefit of worthy residents of Greenfield.

All town employees were placed under social security. The exterior of the town house was painted. Flush toilets were put in the basement and a septic tank installed. An emergency exit was also installed. Class V road was built and black topped over the unimproved section of the mountain road to Peterborough. The town dump was relocated from land sold to the State of New Hampshire to land purchased from Harry Dorr on the Bennington Road.

Community Day was observed on May 21. A general clean up of the common was done, the trees fertilized, the brush cut on the land south of the fire station, the interior of the library thoroughly cleaned and the town hall kitchen put in order. The Improvement Association financed the planting of a clump of birches on town land beside the telephone building. The Improvement Association received a plaque from the New Hampshire Roadside Improvement Association in recognition of its continued community service and for the pictorial booklet report of our annual Community Day.

The Recreation Committee sponsored a three-day Whing Ding on July 2, 3 and 4. A carnival operated on the common on Saturday and Sunday afternoons and evenings of the 2nd and 3rd and all day Monday, the 4th. A dance was held in the town hall on Saturday evening and a supper on Sunday evening. Sunday evening's fireworks were postponed due to a heavy shower. Activities on Monday, the fourth, included a chicken barbecue, a parade with 27 floats and about 20 other entries and an auction. The new 50-star flag was raised for the first time after a salute fired by the Lyndeboro Artillery. This fourth annual Whing Ding was the most successful. The Recreation Committee again sponsored the children's Hallowe'en and Christmas parties, a dance on November 11, and assisted the Girl Scouts and Junior League baseball team financially.

The mail box outside the post office was replaced with a larger one. A new service was begun whereby the Star Route carrier picks up outgoing mail directly from the outside box on Saturdays after 5:00 p. m. without necessitating the return of the post master after the office closes at noon. An electrical cancelling machine was installed.

A new forced hot air heating system was installed at the Stephenson Memorial Library. The Greenfield Woman's Club purchased 45 volumes of classics to supplement and replace old editions. A book lending delivery service to the Sumner Rest Home was begun.

New equipment at the school included a reading laboratory, a science table and a television set.

William Bailey and Edward E. Lowe completed four years of service in the U. S. Navy and were officially discharged.

Elizabeth Robertson received a bachelor's degree from the University of New Hampshire. The New Hampshire Extension Service chose Miss Robertson as their International Farm Youth Exchange representative for 1960 and she spent the summer in France under this program.

At the fire station, the doorways were widened and overhead doors installed. Six hundred and fifty feet of 2½ inch hose were purchased. The firemen raised the money to put in a hot-top driveway and to buy the materials to redecorate the hall over the fire station where the work was done by their volunteer labor.

Extensive damage was done to John Sampson's house by fire on June 26.

The Greenfield Junior League baseball team, with Bruce Russell as manager, was again a member of the Crotched Mountain Junior League.

The Parent-Teachers' Club again sponsored a dental clinic for the school children. For the first time the retarded children of Greenfield received instruction. Half the tuition, to a special school in Peterborough, was paid by our Parent-Teachers' Club and half by the Monadnock Council for Retarded Children.

At Crotched Mountain, work continues on the buildings for the adult center. The School for the Deaf was enlarged and now has an enrollment of 46 children. Construction began on approximately one-half mile of new state road. A third well 500 feet deep was drilled.

The Otter Lake Conservation School at Camp Union served 2500 children from New Hampshire and Massachusetts during the school year. Camp Union boys' summer camp had an enrollment of 300. Outdoor education was introduced to the schools of our supervisory union at the Otter Lake Conservation School. Through the generosity of Camp Union, our children and those at Crotched Mountain participated without charge. Camp Union also offered instruction in the Red Cross water safety program, including junior life saving, to our children without charge for two two-week periods during the summer. About 35 children attended every day,

Preliminary work of surveying and clearing is in progress at the site of the new State Park. Five cottages on state land at Otter Lake were moved, four out of town and one to a new

location on the Hancock road. Also on state land, the house and buildings formerly owned by John Robertson were razed.

A well was drilled for Clarence Spaulding to a depth of 140 feet.

Four new houses were built by Ben Sanford,—one on the Hancock road and three at Zephyr Lake. Fred Silkey and Ralph Wentzel built new houses. Edson Skinner built an addition to his house. The Greenfield Industries built an addition on the south side of the General Store. At Camp Union a new room was built on the infirmary.

The following real estate, which included buildings, was transferred: Robert H. and Priscilla Anderson to William and Eileen Cowles; Clinton Cleaves' estate to Arthur F. and Joan S. Art. 2. Motion moved and seconded to raise and appropriate the sum of $10,915.00 to cover town charges for the ensuing year. (Vote Yes).

Art. 3. Much discussion on this article. F. C. Hutchison explained the paying off of some of the town debt in 1961. We are

to pay $5,000 in 1962-$3,000. 1963-$1,500, total being $9,500. Instead of paying interest over the next three years, we should use $10,000 from the income of $19,045 that we are receiving this year from the sale of Otter Lake property to the State of N. H. The balance of $9,045 to be invested in the bank, and use the interest income from this investment, to build up a fund for buying equipment and for the use of any emergency that should come up some future date.

Motion moved and seconded to raise $10,000, proceeds from sale of Otter Lake property income to be used to reduce the town debt. The $10,000 income of lake property to be transferred to the Selectmen to off set the $10,000 appropriation just voted on. The balance of $4,500 long term note the town now has to be left and paid as it comes due in 1963. (Vote Yes).

Art. 4. Motion moved and seconded to accept the reports as printed. (Vote Yes).

Art. 5. Motion moved and seconded to raise and appropriate the sum of $6,500 for summer roads maintenance. (Vote Yes). (Selectmen explained the town is receiving this year from the State for gas tax, the sum of $1,292.16 to be used on roads.)

Art. 6. Motion moved and seconded to raise and appropriate the sum of $8,000 for the winter maintenance of roads. (Vote Yes).

Art. 7. Motion moved and seconded to raise and appropriate the sum of $647.19 to go with the State's $4,314.61 for Class V roads. (Vote Yes).

Art. 8. Motion moved and seconded to raise and appropriate the sum of $9,923.60 for the use of Class V road to be used to complete the Mountain Road. This is a three-year T.R.A. plan set up by the State, the money is borrowed for two-year period, cost the town interest one year on the $9,923.60-interest the second year on half the total. (Vote Yes). Standing Vote (43 Yes) (21 No).

Art. 9. Motion moved and seconded to raise and appropriate the sum of $800.00, for the support of the Police Department (Vote Yes).

Art. 10. Motion moved and seconded to raise and appropriate the sum of $85.00 for Memorial Day. (Vote Yes).

Art. 13. Motion moved and seconded to raise and appro-

priate the sum of $750.00 for the purchase of Fire Hose, for the Fire Department. (Vote Yes).

Art. 14. Motion moved and seconded to raise and appropriate the sum of $650.00 to install new doors and widen fire house doors. The history of the building was read by Maurice Bowes. (Vote Yes.).

Art. 15. Discussion of selling the Town Dump property to the State for $850.00. George Shea, Selectman explained it would be advisable to sell this property and buy new land for a new dump site, this being necessary because of the State Park coming in at Otter Lake. Motion moved and seconded to accept the $850.00 from the State for the sale of the dump property. (Vote Yes). (Sum to be set aside to be used for new dump site.)

Art. 16. Discussion Otter Lake road now a public highway to be discontinued. The state has guaranteed to give the Public a public right of way to lake over the property now State owned, but previously owned by John T. Robertson. The State to maintain this highway and be responsible for all upkeep of the public right of way.

A letter from the State Park Commission was read by Town Clerk, Anna M. Chute, explaining the public right of way. Floyd Cornwell suggested that this letter be kept on record for further references. Motion moved and seconded to accept the article as printed. (Vote Yes.).

Art. 17. Motion moved and seconded to raise and appropriate the sum of $1,000. for the support of the Town Library. (Vote Yes).

Art. 26. Motion moved and seconded to raise and appropriate the sum of $2,500 to paint the exterior of the Town Hall building. (This price doesn't include the face of the clock). This job is to be let out to bids. (Vote Yes).

Art. 27. Motion moved and seconded to raise and appropriate the sum of $50.00 for the Planning Board. (Vote Yes).

Art. 28. Motion moved and seconded to raise and appropriate the sum of $1,600. to install new toilets and septic tanks, build partition and rooms suitable across the north end of the Town Hall basement. (Vote Yes).

Art. 29. Motion moved and seconded to accept this article as printed, after much discussion. (Vote Yes).

Art. 30. Motion moved and seconded to pass this plan over to the now existing Planning Board, and let them work out a plan. The motion moved to pass over article as printed, but to be put into the hands of the Planning Board, let them work it out. (Vote Yes).

Art. 31. a. Chester W. Russell, Fire Chief, explained he had new telephone fire numbers and anyone not having one, he would gladly see they got one. b. Mr. Hutchison explained the Planning Board, a newly appointed organization, was open for suggestions from any voter or citizen of the town. The Planning Board rules were read. c. Retiring, Selectman Roland A. Phelps having resigned after two years service, due to moving away from town, gave a splendid farewell speech. The public gave him a nice hand. d. Stephen J. Whitney brought up the subject that this is the year we should have new property invoices printed. e.Mr. Hutchison suggested that in the future the people should be thinking about electing a highway agent for three year terms, in the belief that the agent could plan his work better.

Meeting closed at eleven o'clock P. M. All elected officers were called to the front of the hall to receive their oath of office, from Moderator, Frank A. Hopkins.

Respectfully submitted,

Memo: Harold Farrow, runner up for Selectman for one year term filed with the town clerk, a demand for a recount. Paying the fee of $10 for the expense of the job to be done.

Mr. H. Farrow notified by certified mail, Anna Blanchard, George Crawford, Frank C. Hutchison as to his desires.

Anna M. Chute, Town Clerk set the date March 16, 1960, at the Selectmen's room at 5 P. M. for the recount.

Principals in the recount of the Selectmen's votes, were Moderator Frank A. Hopkins, George F. Shea, Charles H. Blanchard, Selectmen, assisted by Clerk Anna M. Chute. Those present to watch the recount were Anna B. Blanchard, Frank C. Hutchison, George H. Crawford and Harold A. Farrow all candidates for this office.

(The original count was found to be accurate, and Frank C. Hutchison was confirmed as the winner.)

Respectfully submitted,

Attest: ANNA M. CHUTE
Town Clerk

SPECIAL TOWN MEETING

NOTICE TO THE VOTERS OF GREENFIELD, N. H.

A Special Town Meeting will be held at the Town Hall, on Thursday, July 14, 1960 at 7 P. M. The purpose of this meeting is to vote upon the location of the (new) town dump site.

Per order of the Selectmen

FRANK C. HUTCHISON
GEORGE F. SHEA
CHARLES H. BLANCHARD

A true copy attest: ANNA M. CHUTE, Town Clerk.

I hereby certify that copies were posted in the U. S. Post Office, in the Town Hall and at the Clerk's Office.

Attest: ANNA M. CHUTE, Town Clerk

SPECIAL TOWN MEETING

July 14, 1960

Meeting called to Order by Moderator, Frank A. Hopkins at 7:15 P. M.

Warrant read by Moderator, Prayer lead by Rev. Douglas Trottier.

Copies of Report on Town Dump sites were passed out to the voters.

Due to the previous open public hearing on July 7th on this matter very little discussion was necessary. The voters had their minds already made up as to the dump site they desired.

Motion was moved and seconded to vote on the land on the Bennington road, belonging to Harry A. Dorr. Mr. Hutchison gave a report as to the good points for this site, that was recommended by the Planning Board and the State.

Vote on Harry A. Dorr land on Bennington road. Standing vote, Clerk counted the voters and all were in favor and voted for this site, except one voter that didn't vote on any site.

No vote for Cemetery site on Forest Road.

No vote for site near railroad crossing, on Peterborough road. Therefore, Bennington road site was voted and accepted as the site for the New Town Dump.

Motion moved and seconded to adjourn the meeting at 7:40 P. M.

ANNA M. CHUTE, Town Clerk

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the town of Greenfield qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the sixth day of March, 1961, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

3a. To choose a Member of the School Board for the ensuing two years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation and fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Greenfield, I respectfully submit my fourth annual report as your Superintendent of Schools.

STAFF AND INSTRUCTION

The Greenfield school opened this fall with a complete change of staff. Mr. Richard Metivier, of Dublin, New Hampshire, a graduate of Keene Teachers College, with two years of teaching experience in Mason, was elected as Principal of the building and teacher of the upper room. Mrs. Sarah Hutchins, of Hancock, New Hampshire, a graduate of Keene Teachers College, with three and one-half years of teaching experience at the first grade level in Dover and Derry, New Hampshire, was hired to teach in the primary room. The Town of Greenfield has been extremely fortunate in being able to find teachers of such training and experience to work in the school. Miss Ethelyn Edwards continues as Supervisor of Music, Mrs. Florence Merchant as School Nurse, Dr. Louis Wiederhold as School Doctor and Mrs. Marguerite Jackson as School Lunch Manager. Mr. Tom Coughlan, of Greenfield, has been hired as Custodian of the building, replacing Mr. Glover.

Due to the training and experience of the teachers in Greenfield, even though both are new to the system, excellent progress is being made, perhaps more satisfactorily than has been the case in several years. The extremely crowded condition which existed in the school during the previous year has been eased somewhat by the graduation from the sixth grade of an unusually large class. The lower room still has far too many youngsters for real satisfactory progress to be made. At this time over thirty children are in this room. This creates an almost impossible teaching situation and such progress as has been made has been accomplished only by the conscientious and diligent effort of Mrs. Hutchins.

Some help was provided in the teaching situation in this room by having two of the first grade children sent to Peterborough for special instruction. This program has been financially supported by the School Club. It means that the two children involved are receiving instruction more suited to their needs, and Mrs. Hutchins can devote more of her time to the children who remain. An article in the warrant provides the District an opportunity to vote to raise funds to provide for the continuation of this kind of special instruction during the coming school year and in the future.

During the spring of last year and the fall of this year, through cooperation with Mr. Waldo Stone, Director of Camp Union in Greenfield, days of outdoor education were provided the children of the upper room. This experience in outdoor education is con-

tinued in regular classes. The experience can be tied in with various academic areas to stimulate the interest of children and seems to be most worthwhile. The children in grades four, five and six this year are also working with the Science Research Associates Reading Laboratory material. This material aims at improving the comprehension abilities of children, as well as improving their speed of reading, and also developing their listening skills. Each child competes against himself rather than against any other child in the room, and also reads material that is suited to his particular skills, abilities and level. These materials proved to be very satisfactory last year in other schools of the Union and experience, up to this point, in Greenfield has been most satisfying.

In the late fall, the School Board approved the use of National Defense Funds for the purchase of a television set for use within the school. At the present time, offerings of television are being used, and it is hoped that very shortly an outside antenna will be installed to further improve the picture. There is no question that the offerings on television will greatly augument the offerings that can be provided by the regular classroom teacher and will result in a broader education for the children.

You will be pleased to know that a very careful analysis of annual Achievement Test results shows that the Greenfield children are making excellent academic progress when compared with children throughout the country. In addition, analysis shows that achievement, beyond that which could be expected from intelligence scores, has also taken place. A comparison with results tabulated in 1955 shows that today 25% more children are achieving above the normal for them than was the case in 1955. These results show that real, solid academic progress is being made in the education of your children. It is expected that this year even better progress will be made, since last year's upper room teacher change caused some disruption of regular class progress.

SCHOOL BUILDING AND GROUNDS

During the past year, the completion of an interior painting program was completed, by the painting of the hallways, kitchen and lavatory areas. This program of doing a little bit of painting each year insures that the condition of the building is being properly maintained. During the spring of last year it was deemed advisable to sell the old settees that have been used for so many years in the auditorium area and replace these units with metal folding chairs. This was accomplished, and this present year's budget provided for additional folding chairs, making possible adequate seating for a hundred people in the auditorium.

The program for development of the playground area is one that has never really been satisfactorily resolved into a definite course of action. There have been various recommendations for doing any one of a number of different things. At this particular time, the School Board has not decided upon a definite course of action to be followed, but within the warrant will be found an article calling for the raising of a sum of money to make a start in a planned program of improving the playground area.

FINANCE

The School Board's budget for the year 1961-62 calls for a total appropriation of $44,615.58 which is an increase over the corresponding figure for the present year of $1,251.50. However, due to additional income that is anticipated, the school assessment is reduced to $99.23 less than the Tax Commission's school tax figure for the present school year.

There are several areas of increase and decrease within the budget which it is felt should be pointed out. In teachers' salaries an increase of $330.00 over the amount that was budgeted last year is shown. The real increase in teachers' salaries is more than this figure since the salaries at which teachers were hired was less than the current amount budgeted. In Item 11, Salaries of School Custodian, an increase of $100.00 seems reasonable considering the exceptionally fine job that has been done. The entire atmosphere of the school has been improved due to the high level of cleanliness, tidiness and sanitation being maintained. In Item 14, a decrease is evidenced because the current budget included in it the cost of painting, this being accomplished during the past summer. In Item 17, Tuition, an increase of $996.00 is shown, caused by two factors: one, an increase in high school tuition costs at Peterborough from $399.00 to $435.00; and two, additional children at high school. In Item 18A, School Lunch, an apparent increase of $300.00 is shown. However, this is just a re-arrangement of accounting procedures which has been recommended by the State Department of Education. Under Item J in the budget, one will find an estimated income of $300.00 from school lunch reimbursements, showing no net cost to the District. In Item 23, New Equipment, an increase of $115.00 is shown made necessary by the need for chair and desk units in the upper classroom to replace those which have out-lived their usefulness. In Item 25, a reduction in payment on principal of $500.00 is shown, since payment for the alterations of the auditorium were ended as of August 15, 1960.

The balance of $1,000.00 which is estimated for the end of June 1961 is accounted for by a reduction in high school enrollment below that which was anticipated.

CONCLUSION

I wish to express my appreciation to the Greenfield School Board and to the School Club for their sincere and helpful cooperation in working diligently for the education of children in Greenfield. I take this opportunity to sincerely thank the teachers for the great effort they have made under difficult circumstances.

It was with regret that the Board accepted the resignation of Mr. Robert Anderson who had served the School District and children as a Board member with interest and conscientiousness for the last four years. It was with great pleasure that the Board accepted the membership of Floyd Cornwell to assume responsibility for this vacancy, knowing of his interest in the children of the town. With this spirit of cooperation and helpfulness as shown by these men, it is understandable why even under the difficult circumstances associated with the operation of a small school, excellent education has been provided for the children of the town.

SCHOOL NURSE REPORT

To the Superintendent of Schools and the Board of Education:

The following is a summary of the Health work completed by the School Nurse in the Greenfield Schools from September 1959 to June 1960:

Number of visits made to the school	26
Inspections (Nurse)	185
Students weighed	650
Students measured	195
Vision Tests	65
First Aid	21

Students are weighed each month and measured every three months.

Physical examinations made by Dr. Wiederhold showed the following defects:

Tonsils and denoids	3
Ears	6
Nutrition	12
Hernia	2
Teeth	13

Corrections made during the year:

Eyes	2
Teeth	28

One child was excluded from school because of Pediculosis. There was one case of Scarlet Fever.

Special Health Activities:

Fourteen children were taken to Peterborough for dental care. This was paid for partly by the Parents and Teachers' Club and the rest by the parents of the children who were taken to clinic.

The Greenfield Women's Club continued their fine health program of making available Vitamins for all school children during the winter months.

I wish to express my appreciation to the people who made the Health Program possible in the school, the Superintendent of Schools, School Doctor, Board of Education, and the fine cooperation of Teachers and Parents.

Respectfully submitted,

FLORENCE T. MERCHANT, R. N.
